

# Grassy Roads Farm and Busy Bee Nursery & Consulting Order Form

~ Updated May 25, 2020 ~

I will be doing pre-paid, contact-free, drop-offs in Bowling Green on Tuesday, June 2, and in Glasgow on Wednesday, June 3. The order form is divided into 3 parts – duck eggs / honey / book, native plants, and ordering logistics. Please, email me a list of what you want by 8:00 a.m. Monday, June 1, to allow me time to get all of the orders together. Orders will be filled in the order that I receive them and I will let you know if I run out of something. I hope to continue doing drop-offs every other week and will send out updated information on product availability each time. If you have any questions, you can email me at [shannon@shannontrimboli.com](mailto:shannon@shannontrimboli.com) or call me at 270-202-7677. (If you call and I don't answer, please leave a message and I'll call you back as soon as I can.) Thank you for your understanding and continued support. I hope you and your family are able to stay safe and healthy.

~ Shannon

## Duck Eggs & Book

	Notes
Duck eggs – Half dozen (\$4)	I have plenty if you want to stock up. Most of the eggs are currently weighing approximately 3 oz, but I'm starting to get a few giant eggs that weigh over 3.5 oz.
Duck eggs – Dozen (\$7)	
Plants Honey Bees Use in the Ohio and Tennessee Valleys by Shannon R. Trimboli (\$32 tax included)	Let me know if you want your book signed.

## Native Plants

- The link below each plant name will take you to the plant's description on my website. Information provided in the description include height, bloom time, moisture and sun requirements, what types of pollinators and wildlife use the plant, and a picture of the flower.
- The chart below only lists the plants that are ready to be sold now. To see a full list of all the plants I am growing this year, including ones that will be available in the near future or I'm anticipating for later this season, please visit my website at: <https://shannontrimboli.com/plants/>
- Small containers are approximately 5" tall x 3.5" wide, medium containers are approximately 6.25" tall x 6.5" wide, and large containers are approximately 7.5" tall x 6.5" wide.

Native Wildflowers	Available container sizes	Notes
Aster, Aromatic ( <i>Symphyotrichum oblongifolium</i> ) <a href="https://shannontrimboli.com/busybee-aromatic-aster-description/">https://shannontrimboli.com/busybee-aromatic-aster-description/</a>	small (\$7)	
Aster, Calico ( <i>Symphyotrichum lateriflorum</i> ) <a href="https://shannontrimboli.com/busybee-calico-aster-description/">https://shannontrimboli.com/busybee-calico-aster-description/</a>	small (\$7) medium (\$11) large (\$13)	2 large overwintered containers (one of which has 2 sprouts). Approximately half a dozen overwintered medium containers. Approximately half a dozen overwintered small containers.

Native Wildflowers (cont.)	Available container sizes	Notes
Aster, New England ( <i>Symphyotrichum novae-angliae</i> ) <a href="https://shannontriboli.com/busybee-new-england-aster-description/">https://shannontriboli.com/busybee-new-england-aster-description/</a>	small (\$7) large (\$13)	4 large containers that are overwintered plants and may have multiple sprouts per container. The small containers are this year's seedlings.
Aster, Short's ( <i>Symphyotrichum shortii</i> ) <a href="https://shannontriboli.com/busybee-shorts-aster-description/">https://shannontriboli.com/busybee-shorts-aster-description/</a>	small (\$7) medium (\$11)	The medium containers are overwintered plants and may have multiple sprouts per container. The small containers are new seedlings.
Aster, Smooth ( <i>Symphyotrichum laevis</i> ) <a href="https://shannontriboli.com/busybee-smooth-aster-description/">https://shannontriboli.com/busybee-smooth-aster-description/</a>	small (\$7) large (\$13)	The large containers are overwintered plants and all have multiple sprouts per container. The small containers are new seedlings.
Aster, Wavy-leaf ( <i>Symphyotrichum undulatum</i> ) <a href="https://shannontriboli.com/busybee-wavy-leaf-aster-description/">https://shannontriboli.com/busybee-wavy-leaf-aster-description/</a>	small (\$7)	
Bee balm / Bergamont ( <i>Monarda fistulosa</i> ) <a href="https://shannontriboli.com/busybee-bee-balm-description/">https://shannontriboli.com/busybee-bee-balm-description/</a>	medium (\$11) large (\$13)	Overwintered. All of the large containers and most of the medium containers have multiple sprouts per container.
Blazing star ( <i>Liatris squarrosa</i> ) <a href="https://shannontriboli.com/busybee-blazing-star-description/">https://shannontriboli.com/busybee-blazing-star-description/</a>	small (\$7) medium (\$11)	Overwintered.
Cardinal flower ( <i>Lobelia cardinalis</i> ) <a href="https://shannontriboli.com/busybee-cardinal-flower-description/">https://shannontriboli.com/busybee-cardinal-flower-description/</a>	small (\$7)	Overwintered.
Columbine, Eastern ( <i>Aquilegia canadensis</i> ) <a href="https://shannontriboli.com/busybee-eastern-columbine-description/">https://shannontriboli.com/busybee-eastern-columbine-description/</a>	medium (\$11)	Overwintered.
Coneflower, Grey-headed ( <i>Ratibida pinnata</i> ) <a href="https://shannontriboli.com/busybee-grey-headed-coneflower-description/">https://shannontriboli.com/busybee-grey-headed-coneflower-description/</a>	large (\$13)	Overwintered.
Coneflower, Pale-purple ( <i>Echinacea pallida</i> ) <a href="https://shannontriboli.com/busybee-pale-purple-coneflower-description/">https://shannontriboli.com/busybee-pale-purple-coneflower-description/</a>	large (\$13)	Overwintered.
Coneflower, Purple ( <i>Echinacea purpurea</i> ) <a href="https://shannontriboli.com/busybee-purple-coneflower-description/">https://shannontriboli.com/busybee-purple-coneflower-description/</a>	medium (\$11)	Overwintered.
Coreopsis, Lance-leaved ( <i>Coreopsis lanceolata</i> ) <a href="https://shannontriboli.com/busybee-lance-leaved-coreopsis-description/">https://shannontriboli.com/busybee-lance-leaved-coreopsis-description/</a>	small (\$7)	Some have buds in them already.
Culver's root ( <i>Veronicastrum virginicum</i> ) <a href="https://shannontriboli.com/busybee-culvers-root-description/">https://shannontriboli.com/busybee-culvers-root-description/</a>	small (\$7)	
Cup plant ( <i>Silphium perfoliatum</i> ) <a href="https://shannontriboli.com/busybee-cup-plant-description/">https://shannontriboli.com/busybee-cup-plant-description/</a>	small (\$7) medium (\$11)	4 medium containers that are overwintered plants. The small containers are new seedlings.

Native Wildflowers (cont.)	Available container sizes	Notes
Evening primrose, Common ( <i>Oenothera biennis</i> ) <a href="https://shannontriboli.com/busybee-evening-primrose-description/">https://shannontriboli.com/busybee-evening-primrose-description/</a>	small (\$7) large (\$13)	Large containers are overwintered plants so should bloom this year. (It is a biennial so let it go to seed if you want it in future years.) Small containers are seedlings and will bloom next year.
Gaura, Large-flowered ( <i>Gaura longiflora</i> ) <a href="https://shannontriboli.com/busybee-large-flowered-gaura-description/">https://shannontriboli.com/busybee-large-flowered-gaura-description/</a>	small (\$7)	Biennial so won't bloom until next year. Let go to seed next year if you want to continue to have it in future years.
Goldenrod, Sweet / Anise-scented ( <i>Solidago odora</i> ) <a href="https://shannontriboli.com/busybee-sweet-goldenrod-description/">https://shannontriboli.com/busybee-sweet-goldenrod-description/</a>	small (\$7)	
Hyssop, Anise ( <i>Agastache foeniculum</i> ) <a href="https://shannontriboli.com/busybee-anise-hyssop-description/">https://shannontriboli.com/busybee-anise-hyssop-description/</a>	small (\$7)	
Indigo, Blue wild ( <i>Baptisia australis</i> ) <a href="https://shannontriboli.com/busybee-wild-blue-indigo-description/">https://shannontriboli.com/busybee-wild-blue-indigo-description/</a>	medium (\$11)	Overwintered. Most have multiple sprouts per container.
Indigo, White wild ( <i>Baptisia alba</i> ) <a href="https://shannontriboli.com/busybee-wild-white-indigo-description/">https://shannontriboli.com/busybee-wild-white-indigo-description/</a>	medium (\$11)	Overwintered. Some have multiple sprouts per container. Only 2 left.
Ironweed ( <i>Vernonia gigantea</i> ) <a href="https://shannontriboli.com/busybee-tall-ironweed-description/">https://shannontriboli.com/busybee-tall-ironweed-description/</a>	small (\$7)	
Milkweed, Butterfly ( <i>Asclepias tuberosa</i> ) <a href="https://shannontriboli.com/busybee-butterfly-milkweed-description/">https://shannontriboli.com/busybee-butterfly-milkweed-description/</a>	medium (\$11)	Overwintered. Limited supply. Should have new seedlings later in the season.
Milkweed, Rose / Swamp ( <i>Asclepias incarnata</i> ) <a href="https://shannontriboli.com/busybee-rose-milkweed-description/">https://shannontriboli.com/busybee-rose-milkweed-description/</a>	large (\$13)	Overwintered. Limited supply. Should have limited supply of new seedlings later in the season.
Mountain mint, Hairy ( <i>Pycnanthemum pilosum</i> ) <a href="https://shannontriboli.com/busybee-hairy-mountain-mint-description/">https://shannontriboli.com/busybee-hairy-mountain-mint-description/</a>	small (\$7)	
Mountain mint, Hoary ( <i>Pycnanthemum incanum</i> ) <a href="https://shannontriboli.com/busybee-hoary-mountain-mint-description/">https://shannontriboli.com/busybee-hoary-mountain-mint-description/</a>	small (\$7)	
Mountain mint, Slender ( <i>Pycnanthemum tenuifolium</i> ) <a href="https://shannontriboli.com/busybee-slender-mountain-mint-description/">https://shannontriboli.com/busybee-slender-mountain-mint-description/</a>	small (\$7)	
Phlox, Summer ( <i>Phlox paniculata</i> ) <a href="https://shannontriboli.com/busybee-summer-phlox-description/">https://shannontriboli.com/busybee-summer-phlox-description/</a>	small (\$7)	

<b>Native Wildflowers (cont.)</b>	<b>Available container sizes</b>	<b>Notes</b>
Prairie clover, Purple ( <i>Dalea purpurea</i> ) <a href="https://shannontriboli.com/busybee-purple-prairie-clover-description/">https://shannontriboli.com/busybee-purple-prairie-clover-description/</a>	small (\$7)	
Prairie clover, White ( <i>Dalea candida</i> ) <a href="https://shannontriboli.com/busybee-white-prairie-clover-description/">https://shannontriboli.com/busybee-white-prairie-clover-description/</a>	small (\$7)	
Rattlesnake master ( <i>Eryngium yuccifolium</i> ) <a href="https://shannontriboli.com/busybee-rattlesnake-master-description/">https://shannontriboli.com/busybee-rattlesnake-master-description/</a>	small (\$7)	
Royal catchfly ( <i>Silene regia</i> ) <a href="https://shannontriboli.com/busybee-royal-catchfly-description/">https://shannontriboli.com/busybee-royal-catchfly-description/</a>	medium (\$11)	Overwintered.
Sage, Blue ( <i>Salvia azurea</i> ) <a href="https://shannontriboli.com/busybee-azure-blue-sage-description/">https://shannontriboli.com/busybee-azure-blue-sage-description/</a>	small (\$7)	
Sneezeweed, Purple-headed ( <i>Helenium flexuosum</i> ) <a href="https://shannontriboli.com/busybee-purple-headed-sneezeweed-description/">https://shannontriboli.com/busybee-purple-headed-sneezeweed-description/</a>	small (\$7)	
Sunflower, Maximilian ( <i>Helianthus maximilianii</i> ) <a href="https://shannontriboli.com/busybee-maximilian-sunflower-description/">https://shannontriboli.com/busybee-maximilian-sunflower-description/</a>	large (\$13)	Overwintered. Multiple sprouts per container.
Sunflower, Rough ( <i>Helianthus hirsutus</i> ) <a href="https://shannontriboli.com/busybee-rough-sunflower-description/">https://shannontriboli.com/busybee-rough-sunflower-description/</a>	medium (\$11)	Overwintered.
Susan, Black-eyed ( <i>Rudbeckia hirta</i> ) <a href="https://shannontriboli.com/busybee-black-eyed-susan-description/">https://shannontriboli.com/busybee-black-eyed-susan-description/</a>	small (\$7)	
Susan, Brown-eyed ( <i>Rudbeckia triloba</i> ) <a href="https://shannontriboli.com/busybee-brown-eyed-susan-description/">https://shannontriboli.com/busybee-brown-eyed-susan-description/</a>	small (\$7) large (\$13)	Large containers are overwintered plants. Small containers are seedlings.
Wingstem, White ( <i>Verbesina virginica</i> ) <a href="https://shannontriboli.com/busybee-white-wingstem-description/">https://shannontriboli.com/busybee-white-wingstem-description/</a>	small (\$7)	
Wingstem, Yellow ( <i>Verbesina alternifolia</i> ) <a href="https://shannontriboli.com/busybee-yellow-wingstem-description/">https://shannontriboli.com/busybee-yellow-wingstem-description/</a>	small (\$7)	
<b>Native Vines</b>	<b>Available container sizes</b>	<b>Notes</b>
Milkweed, Honeyvine ( <i>Cynanchum laeve</i> ) <a href="https://shannontriboli.com/busybee-honeyvine-milkweed-description/">https://shannontriboli.com/busybee-honeyvine-milkweed-description/</a>	small (\$7)	

<b>Native Trees &amp; Bushes</b>	<b>Available container sizes</b>	<b>Notes</b>
Buttonbush ( <i>Cephalanthus occidentalis</i> ) <a href="https://shannontrimboli.com/busybee-buttonbush-description/">https://shannontrimboli.com/busybee-buttonbush-description/</a>	small (\$7) 3-gal tree (\$20)	The small containers are this year's seedlings and are approximately 4-5 inches tall. The 3-gal tree containers are overwintered trees from last year.
False Indigo Bush ( <i>Amorpha fruticosa</i> ) <a href="https://shannontrimboli.com/busybee-false-indigo-bush-description/">https://shannontrimboli.com/busybee-false-indigo-bush-description/</a>	small (\$7)	This year's seedlings.
New Jersey Tea ( <i>Ceanothus americanus</i> ) <a href="https://shannontrimboli.com/busybee-new-jersey-tea-description/">https://shannontrimboli.com/busybee-new-jersey-tea-description/</a>	small (\$7)	This year's seedlings. May need some protection from hungry deer and rabbits.
Ninebark ( <i>Physocarpus opulifolius</i> ) <a href="https://shannontrimboli.com/busybee-ninebark-description/">https://shannontrimboli.com/busybee-ninebark-description/</a>	small (\$7)	This year's seedlings.
Shrubby St. John's wort ( <i>Hypericum prolificum</i> ) <a href="https://shannontrimboli.com/busybee-shrubby-st-johns-wort-description/">https://shannontrimboli.com/busybee-shrubby-st-johns-wort-description/</a>	small (\$7) 3-gal tree (\$20)	3-gal tree containers are overwintered trees from last year. The small containers are this year's seedlings.
Spicebush ( <i>Lindera benzoin</i> ) <a href="https://shannontrimboli.com/busybee-spicebush-description/">https://shannontrimboli.com/busybee-spicebush-description/</a>	small (\$7)	This year's seedlings.

## Ordering Logistics

### Drop-off locations:

- Bowling Green – Tuesday, June 2 – Parking lot of the WKU Small Business Development Center (the “old mall”) – 9:00 a.m.
- Glasgow – Wednesday, June 3 – Parking lot of Eastern Elementary School – 9:00 a.m.

### Payment information:

- E-mail is not a secure method for sending sensitive information such as credit card details. Therefore, please give me your phone number and a date and time to call you when you send me the list of items you want.
- When I call, I will need you to give me the following information:
  - Complete card number,
  - Expiration date,
  - Security code/CVV,
  - Billing ZIP code.
- I will enter the information directly into my card processing app so that your data will remain as secure as possible.

**Email the list of items you want (including sizes on the plants) and your contact info to: [shannon@shannontrimboli.com](mailto:shannon@shannontrimboli.com)**
